

I am sitting here the morning after picking up my custom made diamond ring. Still trying to catch my breath, words cannot begin to say how happy you've made me!

When first viewing the wax precast with a Hyde Park sales associate, it was difficult for me to visualize an end result. Several days later, [my husband] and I had the fortunate pleasure to meet with you and were immediately reassured that something beautiful was about to occur in the making of my diamond ring.

When my GREAT surprise appeared in your viewing room, I was immediately stunned by the overall beauty of my ring. While the night wore on, I could not take my eyes off the ring for less than a second. I really began to notice and appreciate all the work you put into my ring. The details and intricacies became mindboggling!! Your care and thoughtfulness also became very apparent. AND...you powered it out in time for Christmas when I know you were crunched for time!

Thank you for creating me a beautiful piece of art that I will wear for the rest of my life.

With great thanks,

~Carolyn M.
