

I love my ring! You did a fantastic design. When I left the store I had lunch with my girlfriend and she couldn't get over how beautiful it was. Then I went to pick up my car and the service manager taking care of me noticed it. He is getting married in a few months and I gave him your name. My husband and daughter thought it was beautiful too! I can't wait to go to work on Monday.

Thank you again for such an amazing and beautiful design and ring.
